

Unapologetically Profitable

90-Day Accelerator for Consultants Serving Nonprofits

Ready to optimize your business? I'll help you **define your goals**, set a clear path to achieve them, and **tackle what's getting in your way**.

During the 90-day program, we'll journey through **5 PHASES**:

TAKING INVENTORY - Celebrate your progress in the past year, examine your core processes, and assess your clients for a clear picture of your business health.

VALUES - Get explicit about your values to help you reduce decision fatigue and ensure that your business, and the clients you serve, are in alignment.

VISION / CALL TO COURAGE - Your call to courage will give you an anchor to guide your strategic planning process and ensure you aren't playing small.

TAKING ACTION - Growth requires courage. We'll pull from the Dare to Lead™ toolkit to help you stay grounded in your values and make bold choices for your business.

ACCOUNTABILITY - You'll develop three-year goals and a one-year action plan with measurable objectives to help you stay accountable AND you'll be in community with others as you do the work.
